Factsheet*

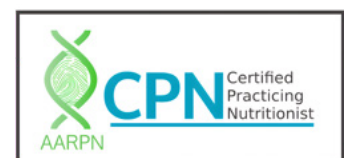

Who We Are: Aster Health Clinic is a clinical nutrition service (CPN - Certified Practising Nutritionist) and registered NDIS provider. Support participants to improve health, independence, and daily living through personalised nutrition.

Services We Provide: Clinical nutrition assessments / Meal planning & capacity-building / Support for feeding challenges & sensory needs / Acute & chronic conditions and gut-health / Health behaviour coaching & lifestyle support / Nutritional deficiencies. Services that align with your NDIS plan.

We love supporting people of all abilities to feel their best. As a provider aligned with the National Disability Insurance Scheme (NDIS), we offer personalised client-centred support that goes beyond nutrition — we help build confidence, independence, and wellbeing in everyday life.

Whether you're looking for help with everyday challenges, digestive comfort, metabolic health, food allergies, sensory needs, skill-building around food and meal prep, or simply feeling more energised and supported, we work closely with you, your family, carers and support team to help achieve the goals that matter most.

Looking forward to supporting you further, Kelly Watson
